DOCTOR 3D CLINIC

Expertise in Maritime Medicine Services

History:

More than **20 years ago**, Dr. Petre Diculescu founded the first private clinic in Constanta, with Department of Marine Medicine, Avamedica. In 2008, by taking over by the Central Medical Unirea, the clinic becomes part of the Regina Maria's Private Health Network.

In 2015, the **Doctor 3D Maritime Medical Clinic** is being established. The company's management is assured together with Dr. Daniela David-Diculescu, senior maritime doctor, internationally multiple-accredited in terms of maritime medicine.

Competitive Advantages:

- **Clinic exclusively dedicated to seafarers.**
- **Professionalism, reputation and courtesy** of medical staff and support team;
Over the years, we have formed a good relationship with each candidate and cultivated one special relationship clinic - crewing company - seafarer.
- **Permanent availability of the doctors;**
- **Expertise in Maritime Medicine Services.** Regardless of the level of competence and experience of the examining physician, in case of medical problems decisions are taken in the medical college of the clinic.
- **Complying with the latest guidelines** for MLC/ILO requirements, companies, P&I clubs and flags/maritime authorities;
- **Privacy** - Patient data is securely stored, unique software dedicated to maritime medicine;
- **Medical equipment** according to international standards;
Clear intentions of the future (expansion - new medical services, eg. digital x-ray)

Our goal is to care for your health and to continually improve your health through the quality of the medical services offered by our clinic. Our mission is to increase the prevention of illness among seafarers.
